

## INTERSTATE COMMERCE COMMISSION DECLARES AN EMERGENCY EXISTS

### PRIORITY ORDERS SENT ALL COMMON CARRIERS

S. Labor Board Turns Attention to Routine Matters—Chicago Headquarters of Western Lines Report Freight Moving as Offered, and Passenger Service Normal

#### SUMMARY OF RAIL STRIKE SITUATION (By The Associated Press)

The administration announced that it would support the United States railroad labor board as the only agency erected by law for handling the rail strike.

The labor board adhered to its announced hands-off policy in connection with the strike and members said no action was contemplated.

Baltimore & Ohio railroad officials and representatives of shopmen in its employ met in an attempt to form a separate agreement.

Executives of southwestern railways announced that these roads would not restore seniority rights to striking shopmen.

Western executives and the Pennsylvania System announced that passenger and freight traffic was normal, that large numbers of men are being added to shop forces and that the general situation is satisfactory.

Martial law was declared at Denison, Texas, where infantry companies are assembling.

## MAYFIELD LEADS CULBERSON IN SENATE CONTEST

### Race for Nomination Between Ferguson and Mayfield

(By The Associated Press)  
DALLAS, Tex., July 25.—Former Governor James E. Ferguson will oppose Earl B. Mayfield, in the run off election August 26, for the Democratic nomination as United States senator unless the unexpected happens in the few remaining incomplete returns still out of the Texas election bureau announced at 10 o'clock tonight.  
The bureau discontinued counting returns at this hour and announced that no more reports would be issued unless later returns show a substantial gain for Senator Culbertson, who sought re-nomination. At that time Ferguson was leading Culbertson by 9,792 votes.  
The figures were:  
Culbertson ..... 90,357  
Ferguson ..... 110,149  
Robt. L. Henry ..... 37,347  
Mayfield ..... 140,259  
Clarence Osley ..... 51,589  
Cullen F. Thomas ..... 77,094

## GREAT RECORD BY JUSTICE OF PEACE

(By The Associated Press)  
LINCOLN, Ill., July 25.—A record of 1,800 couples married and 27,000 cases disposed of ended here today when Justice Jacob T. Rudolph took the final adjournment and went on the long recess. He was 93 years old, had been a justice continuously for 52 years and was believed the oldest active justice of the peace in the United States. He was born in Carmi, White county, Illinois, and came to Lincoln when Logan county was still a part of Sangamon county. He was a friend of Lincoln and a member of the pioneer bar. His death came after a brief illness.

### BEGIN SURVEY OF K. C., M. & O. RAILWAY

Wichita, Kans., July 25.—A complete survey of the Kansas City, Mexico & Orient railroad with reference both to its traffic possibilities and present operating efficiency was begun here today by officials of the interstate commerce commission and the Kansas public utilities commission.

## COAL SITUATION REPORTS FROM VARIOUS CITIES

### Several States Considering Plans for Opening Mines

(By The Associated Press)  
COKEBURG, Pa., July 25.—Pennsylvania militiamen were moved to additional strategic points in the Washington county district today while further efforts were taken by operators to resume production in their coal mines. No disorder was reported. A permanent camp is being established at Burgettstown. Other troops were sent to Morgantown and their camp is adjacent to several mines which are attempting to resume operations.

Wants Speedier Action  
CHARLESTON, W. Va., July 25.—Determined to obtain speedier legal action if possible the Coal-burg Colliery company today asked the common pleas court for mandatory injunctions against 23 striking miners at Ronada on Cabin Creek.

The companies seek to have the strikers and their families vacate their houses. The miners have occupied the houses "rent free" since they struck April 1 last, the company claims.

Special Session Asked  
BELLEVILLE, Ill., July 25.—State Senator P. E. Duvall said today he and other members of the Illinois legislature had received letters from Illinois manufacturers asking them to request Governor Small to call a special session of the general assembly to repeal the state miners' certificate law. The law requires a miner to have two years experience before he can obtain a working certificate. It was explained that if the law were repealed the coal operators could employ non-union workers.

Law Repeal Seen  
INDIANAPOLIS, Ind., July 25.—Calling of a special session of the legislature to repeal the miners' qualification law and to enact such other legislation as may be necessary in the coal strike situation, has been suggested to Governor McCray. It was learned tonight the step, it was said, would follow the failure of attempts by the governor to bring about a conference to adjust differences between miners and operators in Indiana.

Support Pledged  
INDIANAPOLIS, Ind., July 25.—Indiana coal operators, meeting here this afternoon with Governor McCray, pledged him their full support in any plan he may adopt for a resumption of the coal mining industry in this state. It was said the pledge was made for either a partial re-opening of coal mines or a plan to settle the strike.

Shortly after 3 o'clock the conference was concluded but the operators declined to make a statement.

The only statement forthcoming from the governor was "I am at work on plans which I think will materialize within six hours. Until then there will be no announcement as to what took place at either the conference with the operators or miners this morning."

SAGINAW, Mich., July 25.—Officials of the Michigan district of the United Mine Workers of America tonight turned down two proposals submitted to them by Governor Groesbeck suggesting that they return to the mines to produce coal for state and municipal purposes. Indications were that the governor would appeal to the miners themselves to disregard the action of their officials and resume operations in the mines under state direction.

At the conclusion of a five hour conference, T. Leo Jones, president of the Michigan Union organization told the governor that the miners could not return to work without the sanction of their national organization. The governor had hoped that the state union officials would endorse such a move by the Michigan miners regardless of the fact that some days ago John L. Lewis, national president of the United Mine Workers informed the governor that no separate agreement could be made by the Michigan miners which would enable them to resume operations.

## SENSATIONAL PLOTS TOLD BY WITNESSES IN MADER'S TRIAL

### Reveals Alleged Campaign of Terrorism in Building Trades

(By The Associated Press)  
CHICAGO, July 25.—Dynamite plots, plans to shoot rival labor leaders, efforts to extort money for settling strikes, all a part of an alleged campaign of terrorism resulting from dissatisfaction with a mediation wage award among the building trades unions, were told by witnesses today at the trial of Fred Mader, president of the Chicago Building Trades Council, and four others on charges of conspiracy ending in murder. Henry "Smash" Hanson, the state's star witness, who described himself as a former private detective and close confidential friend of the union leaders on trial, testified that the formation of "wrecking crews began immediately after Charles Fitzmorris, chief of police, had warned Mader he had peace in the building industry."

Mader was a business agent for the Fixture Hangers' Union seven years ago when he wanted Isadore Braverman, president of the union, "shot," said Hanson.

Talk of Shootings  
"I shot him and was tried and acquitted for it. Braverman recovered."

When the war between the unions accepting the mediation award and those holding out against it became bitter Hanson testified Mader asked him if it would be possible to get some one to shoot "Umbrella Mike" Boyle, a rival labor leader.

"We don't want him killed," Mader said, according to testimony. "We just want him shot in the leg. His wife wants him out of the labor game and that will scare her too."

Hanson declared that at the request of Mader he had sought a number of times to settle the building trades controversy the plan first being for the employers and then for the citizen's committee which was formed to enforce the award, to pay \$75,000 to \$100,000 for the influence.

## ILLINOIS SHOWING AMERICA HOW TO BUILD HARD ROADS

### Statement Made by Editor at Springfield Road Meeting

(By The Associated Press)  
SPRINGFIELD, July 25.—America is looking to Illinois to show her what kind of a hard road to build, according to W. W. Deberard, Western Editor of the Engineering Record, who was among visitors from Michigan, Wisconsin and Missouri at the Bates experimental road, near here today.

The delegation from the three states were guests of Illinois. The Michigan delegation of 100 members, including prominent state officials and business men came on a special train.

"Illinois is showing America how to build the real hard road," declared Mr. Deberard. "Everywhere road officials have their eyes on Illinois for they know that from this experiment they will learn just what the right road is."

Traditions Upset  
The experiment is upsetting some of the most precious traditions of road building, Mr. Deberard said. His own favorite road crumbled beneath the trucks as he watched the tests and he was compelled to revise his opinion, he asserted.

Among the visitors were: George C. Diehl, president American Automobile Association, of Buffalo, N. Y., and Dai Lewis, manager Buffalo Auto Club, who were guests of the Detroit Auto Club; General Edward G. Heckel, department of public works and boulevards of Michigan; William E. Metzger, president Detroit Athletic Club Dr. James W. Inches, police commissioner; Frank E. Rodgers, Michigan State Highway Commissioner; H. S. Fairbanks, senior highway engineer, Washington, D. C.

## EXPECT VOTE ON WOOL DUTY TODAY

(By The Associated Press)  
WASHINGTON, July 25.—There was another lively fight today in the senate over the Leno-roof proposal to reduce the duties on coarse wool and manufactures thereof, but again the issue failed to come to a vote. The first test of strength was expected tomorrow with opponents of the amendment apparently confident of victory. They had made an informal canvass and expected to draw enough strength from the Democratic side to offset the votes cast for the proposal by members of their own party.

## BAN PLACED ON LIQUOR IMPORTS BY COM. BLAIR

### Aimed to Close One Source of Illegal Liquor Supply

(By The Associated Press)  
WASHINGTON, July 25.—Imports of wines and liquors were banned tonight by Commissioner Blair of internal revenue until supplies already in the country for non-beverage uses are insufficient to meet the national requirements. Drastic new regulations were issued by Mr. Blair covering the entrance of alcoholic beverages into the country designed to shut off one of the sources of illegal liquor supply.

How Permits Granted  
"No permit for the importation of spirits will be granted," the regulations stated, "until the amount of such liquor in distilleries or other bonded warehouses shall, in the opinion of the commissioner of internal revenue, have been reduced so that additional supplies shall be necessary to supply the current need thereafter for all non-beverage uses. No permit for the importation of wine shall be granted until in the opinion of the commissioner of internal revenue the wine for non-beverage use produced in this country is not sufficient to meet such non-beverage needs."

Regulating Supplies  
In determining the supply of spirituous and vinous liquor the regulations declared that such distinction will be made between the various kinds as may be necessary to insure a sufficient supply for the various needs and in the case of wine for sacramental purposes importation will be permitted upon the affidavit of a rabbi, minister or priest that there is not sufficient domestic supply of the particular wine required.

Except as to sacramental wine the regulations provide that a basic permit to import, withdraw and use may be granted only to one using liquor for manufacturing purposes and a basic permit to import, withdraw and sell may be granted only to a wholesaler or retail druggist. Other persons, the regulations added, may obtain permits to import, withdraw and sell sacramental wine and to import and sell other liquor with withdrawal by means of customs warehouse receipts.

## SOUTHERN RAILWAY STRIKE AVERTED

WASHINGTON, July 25.—An agreement has been signed at Chattanooga, Tenn., between officials of the Brotherhood of Railway Clerks and the Southern Railway which definitely averts the threatened walkout of clerks on the Southern and its affiliated lines, local officials of the brotherhood announced tonight.

The agreement was formally signed this afternoon according to the message received by the railroad which said it comprised concessions from both sides, the employees accepting a reduction of from 3 to 4 cents an hour and a reduction in minimum entrance salaries, while the management agreed to grant 12 days vacation with pay annually, full pay for a definite period during sickness and half holidays on Saturday.

The agreement affects some 6,000 clerks throughout the Southern system.

## MADE FINE GIFT TO K. P. CLUB

Members of the Knights of Pythias One Hundred club are feeling mighty grateful to the Haas Electric Co. Yesterday Dr. A. M. King as chairman of the K. P. club committee received a statement from the Haas Electric Co. for the wiring of the club house. It was itemized in this way:

"For all the labor and material for the wiring of the club house, paid in full." Accompanying the receipted statement was a few line of explanation from R. W. Blucke, local manager of the company, explaining that it was the pleasure of the company to make this contribution to the club.

It goes without saying that every member of the club thoroughly appreciates this generous action, for it means a very substantial contribution.

## DENISON, TEXAS IS FIRST CITY PLACED UNDER MARTIAL LAW

### Action Follows Long Cabinet Session—Made Necessary to Protect Public Welfare—La- bor Board's Authority Must be Upheld and the Mines Offered Despite Differences

#### GENERAL REVIEW OF COAL SITUATION (By The Associated Press)

Interstate commerce commission declared emergency exists east of the Mississippi river on railways a first step by the government toward control of coal distribution.

John L. Lewis, head of the striking miners, declares that government's "fantastic schemes" to reopen the coal mines had contributed toward a pending fuel famine and renews invitation to operators to settle the strike by joint conference.

Calling of a special session of the Indiana legislature to repeal the miners' qualification law and to enact such other legislation as necessary to meet the coal strike situation is suggested to Governor McCray.

Kentucky troops are ordered out following alleged threats against non-union men at Fonde.

AUSTIN, Texas, July 25.—Martial law has been declared at Denison. Five infantry companies of the 142nd regiment here are assembling supplies and will move out on a special train at 7 p. m. tonight. Rangers called to Denison will be shifted to Childress and Sherman under the "open port" law. These admissions came from Governor Neff at 5:20 p. m. today.

Hands of Policy Continues.  
CHICAGO, July 25.—Adhering strictly to its hands off policy in the railway shopmen's strike, the United States railroad labor board today turned its attention to routine matters. It took no action in the rail controversy today and from officials it was learned none is in prospect. At an executive session of the board today only routine matters were discussed members said.

Later in the day the board heard complaints from a general chairman's committee representing the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees. Board members said this case had little relation to the present strike.

Claim Normal Conditions.  
The western presidents' committee on public relations of the Association of Railway Executives asserted tonight that western lines with headquarters in Chicago are moving freight as offered, passenger trains are being operated normally and "transportation conditions are normal everywhere."

"Large numbers of men are being added to the shop forces," the statement said. "The number of these men at work ranges from 25 to 75 per cent normal."

Freight car loadings for the first two weeks of July, the statement added show increases for the different roads over the first two weeks in July of last year of from six to 53 per cent the average being about 25 per cent.

"Railway fuel receipts," the statement concluded, are satisfactory. Out of 22,644 cars purchased by these lines since June 1, for delivery up to August 31 60 per cent has already been delivered. This is in addition to the coal in storage on the western lines."

At strike headquarters here tonight B. M. Jewell, head of the Railway Employees' Department of the American Federation of Labor said the shop crafts leaders "agreed to the terms of the agreement."

At Baltimore today the Baltimore & Ohio railroad opened negotiations with its shopmen looking toward a separate agreement.

Executives and representatives of railroads in the southwest meeting at St. Louis today declared seniority rights of striking shopmen would not be restored.

## SITUATION FAVORABLE

The Pennsylvania railroad asserted tonight that "the most favorable situation" on the road since the strike started was shown today.

Shopmen actually at work on the system the statement said number 42,836, an increase of 1,851 over a week ago and the freight movement last week was the heaviest since the last week in March. The general chairman of the clerks, freight handlers and express and station employees meeting here today, sent a sub-committee to confer with Chairman Hooper and W. L. McMenimen, labor group member of the labor board. They asked among other things for a rehearing on the wage decision effective July 1 and for quick action by the board in other matters involving the union membership. The board members, it is understood promised to give the matters early attention and the general chairman went into session again tonight. Few disorders were reported during the day.

## KANSAS GOVERNOR EXPLAINS ARREST OF EMPORIA EDITOR

### Editor's Position and Prominence Made Ac- tion Necessary

(By The Associated Press)  
EMPORIA, Kansas, July 25.—Governor Henry J. Allen invaded the home town of William Allen White, this morning, raked the Emporia editor over the coals in a speech at the Kansas State Normal School, and returned to his home in Topeka in time for dinner. In his speech the governor explained his action in authorizing the arrest of Mr. White, on charges of violating the Kansas Industrial Court law for placing a placard in the window of the Gazette office expressing sympathy for the striking railroad men. Mr. White introduced the governor who spoke to about 3,500 students.

Introduced by White  
Governor Allen's speech, although friendly to the editor who sat behind him, carried a note of firmness and determination.

Principal points in the speech follow:  
White's position as a leader and his prominence in this locality made necessary his arrest because his action threw weight on the strikers' side.

Placards must come down in all Kansas towns and, if they are not removed in Arkansas. City the Governor said he would remove them himself. White's stand for freedom of the press interferes with freedom of work.

Expressing appreciation of the praise Mr. White had given him in his introduction, Governor Allen said:

"When I compare that with some of my conduct toward Bill during the past week, it puts him in the class of a self-sacrificing martyr."

## White Good Natured

Mr. White took the oratorical flogging good naturedly and smiled when Allen hit him hardest.

When the editor returned to his newspaper office, a friend greeted him saying, "well Bill, I hear the governor skinned you alive up at Normal."

"Nope," replied White, "my skin's still on us."

TOPEKA, Kans., July 25.—Governor Henry J. Allen was well satisfied with his trip to Emporia, he said tonight.

William Allen White, Mrs. White and William Allen White Jr., "singly and collectively" had urged the governor to remain in Emporia as their guests at a chicken dinner, he said, but he had made plans to return to Topeka immediately.

## OLD COUPLE MARRY; START LONG HONEYMOON

Chicago, July 25.—Marmion Judson Yeldham, who gave his age as 72 years applied for a marriage license to wed Mrs. August A. B. Bacon, 62 years old today. "We're going on an extended tour of South America on our honeymoon," said Yeldham, who retired from business two years ago following the death of his wife.

## A THOUGHT

Cast thy bread upon the waters, for thou shalt find it after many days.—Ecclesiastes 11:1.  
Be wisely worldly; be not worldly wise.—Quarles.

Speaking again about vacations, their greatest value is in the fact that after the return the home conditions seem so very much improved.

It has been very aptly said that it is easy to apply philosophy to other people's troubles, but with our own it is a different matter.

Several weeks ago Mr. Hoover met with coal operators and it was agreed that a maximum price of \$3.50 mines was fair. Since that time the price has been boosted as high as \$10 or more mines. These same operators may yet find the difference between a Hoover suggestion and an order.

from the interstate commerce commission allotting cars only to those operators who make these prices.

The fact that the government is not moving hastily to appoint a coal commission or to take over the management of the mines may be considered as indicating a feeling at Washington that some plan of clearing up the present situation is likely to be found soon before drastic government action is necessary.

Will Hays told the assembled movie people at Hollywood that the managers have two objectives, to establish and maintain high standards and to develop the educational as well as the entertainment features of the movies. Then he said that he was making "a legal statement of the legal purpose of a legally organized industry."

Mr. Hays has the good habit of stating things very succinctly, and further the reputation of bringing these things to pass.

## THE REAL THING

You and me missed a great deal in life by not knowing Uncle Oliver, concerning whom a man high up in the newspaper business writes as follows in a private letter:

"I have just been handed a telegram that tells me of the death of my Uncle Oliver, who at 88 has finished his work and passed on. In every possible way his life was complete. He was a good husband, father, neighbor and a just man. His sterling qualities included quiet demeanor, unassuming ways, respect for law and or-

der, and determination that, in all things, right must prevail.

"To me he was far more than what I have written. He was Romance. He was what I wanted to be when I was a lad.

"His home to me was a bit of fairyland, and yet it was an ordinary country cottage with 'Welcome' written all over it. In my early days I paid a yearly visit to that old home and learned to admire and to love, as men love, this man who was so ruggedly honest."

The letter continues: "I can see him now, just before bedtime, with a little note book, setting down his memorandum of daily events, just as he had done more than 60 years. Many years ago I took the book down from its place by the clock and read:

Sold vinegar 15 cts.  
Sold peaches \$1.25.  
Paid for horseshoes \$2.85.  
Sister Fernie's boy here for a visit.

Wind southeast and fair—a fine day.

"And so memories come to me and my eyes are moist because of the days that have been and because of the passing of a fine man whose life was all order and unspotted by excesses of any kind."

"I could not tell you what his religion was, other than that it was solidly founded on 'whatsoever you would than men should do unto you, do you also unto them,' as applied and worked out by a human who was every inch a gentleman."

"The last time I saw him he stood in the driveway east of his house. The fragrance of ripening apples was in the air. The flowers along the front walk were gay with color, and the smile of Uncle Oliver, despite his 87 years, was never more cordial and kindly."

"I may not be here when you come next year," he said, "but I'm going to stay as long as I can." Then he added, just as he had for years and years, "You are always welcome; come when you can."

"I like to think that somewhere from that land where mankind finds refuge after life's work is done, a Mighty Hand beckoned, and a voice that was all harmony said: 'You, too, are always welcome. Come when you can.'"

It was men like Uncle Oliver who built America. There are not so many of them as there used to be, and maybe that is the chief thing that is wrong with our country—a lack of men like Uncle Oliver, who ring as true and clear as a gold coin.

## CHAPIN

Scout Master Rev. O. W. Lough took a party of boy scouts to Nichols park Monday morning where they will camp for two or three days.

Mr. and Mrs. G. A. Allen, Mr. and Mrs. Onken and guest Miss Irene Irwin and Werner Onken motored to Versailles Sunday and visited with Mr. and Mrs. B. H. Allen. Mrs. Onken remained over Monday.

Werner Onken came up from St. Louis Saturday night to spend his vacation with home folks.

Professor L. S. Hess is spending the week in Champaign attending the annual state conference for vocational agricultural teachers.

Mr. and Mrs. P. H. Ham and Mrs. Elizabeth Bridgman were Sunday guests of Mr. and Mrs. E. H. Nienhuesser.

Mr. and Mrs. Robert Woodward and Mrs. L. M. Hubbard of Sandwich, Ill., arrived by automobile Monday evening to the home of Mr. and Mrs. Alfred Anderson. Mrs. Hubbard, who is a sister of Mrs. Anderson, will make an extended visit but the rest of the party will leave Tuesday for the Ozark mountains, on a camping trip.

Mrs. Ellen Merrill returned to Jacksonville last night from Chicago after a three weeks' visit at the home of her sister, Mrs. Mary Badenoch. Mrs. Merrill was accompanied from Chicago by James Merrill and Billy Walton, who have been at Camp Roosevelt.

## BERTON BRALEY'S DAILY POEM

## INDEPENDENCE

By Berton Braley

Nobody can get gay with me.  
I know my rights, and get 'em, too;  
I ain't no slave—not me, I'm free  
And just as good, by heck, as you!  
When people tread upon my toes,  
Why, me and them, we hit the mat—  
None of their monkey-business goes,  
I tell 'em where to get off at.

WHERE did I get this dark blue eye?  
Well, I admit it's a sight,  
But you should see the other guy!  
He's in the hospital, all right!  
I've averaged one fight a day,  
I've broken an arm, a nose, a slat.  
But just the same when folks get gay,  
I tell 'em where to get off at.

A LOT of ginks I've run across  
Ain't got no spirit, not a bit.  
They have a run-in with the boss  
And always gets the worst of it.  
I've had two jobs or maybe three,  
Within a month, or less than that;  
The bosses don't get brash with me—  
I tell 'em where to get off at.

I'M independent, that's my style  
(Er—say, my pocketbook is flat,  
Lend me ten dollars for awhile)—  
I tell 'em where to get off at.

INTEREST LACKING  
IN LOCAL MADE CIGARS

That Fact Said to Be Cause of Slump in Industry—Many Men Out of Employment—C. of C. Committee To Urge Co-Operative Interest.

A meeting of the industrial committee of the Chamber of Commerce was held at 4 o'clock Tuesday afternoon. The purpose was to hold a conference with representatives of the cigar makers industry, with the hope of increasing the consumption of Jacksonville manufactured cigars.

Present at the meeting were H. L. Caldwell, Louis Frank, L. Horner, O. F. Buffe and E. H. Gray of the committee; W. H. McCarty, Edward Loneragan and L. F. Hoot. The cigar industry is almost paralyzed. After the matter had been thoroughly discussed it was decided that a committee will be appointed at once to interview Jacksonville dealers in the hope of getting them to increase their purchases of cigars locally made, and to encourage the public in buying them. An effort will also be made to arouse public interest thru newspaper publicity and thru the U. C. T. and the T. P. A. organizations.

The cigar business with passing years has grown to large proportions in Jacksonville but at present the industry is almost paralyzed. The total number of cigars manufactured in the factories of Jacksonville in 1918 was 8,786,000; in 1920 the number had increased to 10,695,000, and in 1921 the number dropped to 7,050,000. The first six months of 1922 shows a total of 2,300,000. These figures quite eloquently show the slump.

The meeting yesterday followed the receipt by the Chamber of Commerce of a communication from the cigar makers of Jacksonville, calling attention to the fact that the industry has slumped in such a way that comparatively few persons are now employed in the industry instead of the normal number of 125 or the 210 at the peak time.

The communication sets forth facts to show that this condition has resulted largely because local people are buying cigars manufactured elsewhere instead of those manufactured at home. The letter urged the members of the Chamber of Commerce to look into the matter and use all possible influences to increase local cigar consumption, with the purpose of giving more men employment and thus bringing about the expenditure of this larger pay roll in Jacksonville. The business is now being done on the basis of a \$50,000 pay roll instead of \$250,000 as was at one time the case.

## TOO LATE TO CLASSIFY

FOUND—Hub cap for Dodge car. Owner can have same at this office by paying for advertisement. 7-26-It

FOR SALE—Dwelling house, two hours and 2,000 feet of running picket fence, located on Strawn land, west end of street car line. Apply O. F. Buffe, Ayers National Bank. 7-26-2t

## CLUBS AND SOCIETY

Ladies' Aid Meets With Mrs. Doane

The regular monthly meeting of the Ladies' Aid society of the Congregational church was held yesterday afternoon at the home of Mrs. L. S. Doane of Grove street. The afternoon was spent socially and in sewing and delicious refreshments were served by the hostess, Alice Lippincott. Stone was a guest of the society.

## Strawn's Crossing

Met Tuesday

The regular meeting of the Strawn's Crossing Country club was held Tuesday afternoon at the home of Mrs. James E. Rawlings, east of the city. The program was an especially interesting one, dealing mainly with health topics, and members responded to roll call with health hints.

A paper by Mrs. Mary Martin was on the subject, "Milk," and Mrs. Edward Sturgeon discussed "Tea and Coffee." Refreshments were served by the hostess during the social hour which came at the close of the program.

Among the guests of the afternoon were Mrs. A. L. Coker, Mrs. Edward Hembrough and daughter and Mrs. Charles Lewis all of southeast of the city; Mrs. Patrick Darley, Mrs. Henry Morhole and Mrs. John Middendorf of east of the city and Mrs. Arthur Swinger of Orleans.

JOHN CAIN TO BE  
OMAHA RESIDENT

Nebraska Milling Company Buys Another Mill and Moves Offices From Grand Island.

John D. Cain, who has been located at Grand Island, Neb., for several months as the sales manager for the Nebraska Consolidated Mills Co., is soon to remove to Omaha. Notice of this fact is given in a recent issue of the Grand Island Independent, which mentions that the Mills Co., has just purchased the Updike Mills in Omaha, and that the result is to be the removal of the central offices from Grand Island to Omaha.

This means that A. R. Kinney, president and the other general officers, together with the sales managers, are to go to Omaha. The company previously had mills in Grand Island, Ravenna, Hastings and St. Edwards, and the last purchase gives them five mills with a daily capacity of 3,000 barrels.

The mills grind only hard winter wheat and the principal brand is "Mother's Best" flour. This product is now sold in all parts of the United States, the United Kingdom and Holland. The Omaha plant is the largest of the five mills.

Mr. Cain in a recent letter to a Jacksonville friend mentions that coal is retailing in Grand Island now at \$17.50 per ton. He mentions too that Grand Island is a city of about the same size as Jacksonville. Violations of the liquor law are frequent and there are frequent clashes between the authorities and the violators.

## WEDDINGS

Merrick-Kaverick  
Nick Merrick and Miss Agnes Kaverick, both of Peoria, were united in marriage Tuesday afternoon by Justice A. B. Opperman at the court house. Mr. Merrick is employed as a candy maker in Peoria and he and his bride will establish their home there.

## LEAVES FOR WEST

Miss Helen Mathis left Tuesday night for Ogden, Utah, where she will meet her sister, Miss Alice Mathis, who has been in California for several weeks past. The young ladies expect to return to Jacksonville about Sept. 1.

## AUTO TRAVELERS

Mr. and Mrs. J. H. Berry of Texas arrived in the city yesterday. A few days since they were here on their way to their destination, Chicago and were on their way home.

FRANKLIN TO SOON  
HAVE NEW BAKERY

George W. Eades and Son of Pittsfield to Open Bakery in Franklin About August 1.

George W. Eades and Son of Pittsfield are to open a bakery in Franklin about August 1. The new establishment is to be located in the Hart building on the east side of the public square, and is now being remodeled and made ready for the new occupants.

It has been a number of years since a bakery has been conducted in Franklin and the residents of that town are glad that the new business enterprise is soon to be established there.

Mr. Eades has been in Franklin during recent days making preliminary arrangements, and is planning to remove his family from Pittsfield as soon as a suitable home can be secured.

## DEATHS

Turner  
Mrs. Laura Turner passed away at a local hospital Monday evening following a long illness.

Mrs. Turner was well known in this city having spent practically all of her life here. She was born in this state in 1878, and was a member of the Central Christian church.

Mrs. Turner is survived by her husband, John H. Turner, one daughter, Martha of this city, three brothers, Joseph Dannanberger of Custer, Illinois, Wilson Dannanberger of Custer, and Samuel Dannanberger of Ashland, two sisters, Ida Acree of Ashland and Lydia Cline of Arenzville.

Funeral services will be held from the Gillham Funeral home, Wednesday morning at 10:30. Rev. A. P. Howells, officiating. Interment in Jacksonville cemetery.

ALEXANDER WOMAN'S  
CLUB TO MEET TODAY

Miss Martha Mason to Be Hostess to Club Members at Home of Mrs. J. T. Little—Other Alexander Items.

Alexander, July 25.—The regular meeting of the Alexander Woman's club will be held Wednesday afternoon at the home of Mrs. J. T. Little, with Miss Martha Mason as hostess. The Mason family is removing to Jacksonville and it was for this reason that Mrs. Little offered her home for the meeting.

The program will include a paper by Mrs. W. H. Schöot on "New Ireland," and another by Mrs. Lester Gray on "Irish Music." Roll call will be responded to with bits of Irish wit. A number of guests have been invited for the meeting, which will conclude with a social hour and refreshments.

## News Notes.

Walter Loneragan, paving contractor, has returned from a business trip of several days to New Madrid, Mo.

Misses Eva and Ruth Cockin of Jacksonville are visiting at the home of Frank Waltman east of the city.

Mrs. E. E. Mason and family are now removing to Jacksonville and will make their home on South Diamond street. Their many friends in Alexander are sorry to have them leave the community.

RETURN FROM TRIP  
TO OKLAHOMA

Mr. and Mrs. Carlton W. Taylor have returned from a visit of several weeks with their daughter, Mrs. Ira Underwood, in Tulsa, Okla. Mr. Underwood is now the city attorney of that thriving southwestern city and so is busy in professional work.

Tulsa is one of the wonder cities of the country, built up as the result of oil development. The population has increased in a marvelous way in ten or twelve years, and there are hotels and business blocks that would do credit to Chicago or New York.

Mr. Taylor said yesterday that another hotel is now in process of construction and promises to be even finer than the one which

has already helped make Tulsa.

While in the southwest Mr. Taylor saw a well come in with such force that an embankment built at one end of a temporary reservoir burst and more than 8,000 barrels of oil flowed into nearby ravine in a very short time. The well was conservatively estimated as a 4,000 barrel size. The Tulsa field is still attractive and drilling operations are constantly in progress.

Claude Skeen of the southeast part of the county arrived in town yesterday.

Mrs. M. Lane was a traveler from Beardstown yesterday.

Mr. and Mrs. W. D. Lawless of Winchester visited yesterday with

ARCH PRESERVER SHOE

## Save Your Feet—

Trouble waits for no one, especially foot trouble. It is upon you without warning and remains a long time. Guard against foot troubles NOW, then you are spared long years of suffering and annoyance.

ARCH PRESERVER SHOES are built with one specific purpose in mind—to save feet. And the saved foot means a comfortable foot. This shoe protects the foot where protection is needed—from beneath.

Its broad, long, built-in bridge gently yet firmly supports the arch, evenly distributes the weight and enables the wearer to walk with an erect, graceful carriage.

Of this we are certain, that the genuine Selby Arch Preserver shoe will PREVENT practically all forms of foot trouble. If you feel your feet becoming tired early in the day or unduly tired at night, you should get into a pair of these famous shoes at once. Beware of acquiring a bad pair of feet or broken arches.

## READ ON

There is very grave doubt as to whether the foremost surgeons of the world are able to actually CURE this malady after it has become thoroughly established.

Therefore, it behooves you to prevent this trouble or to take care of it in the early stages.

Edwin Smart  
Shoe Co.

Shoes of the Hour

their daughter, Miss Catherine at the store of Andre and Andre.

**INTERSTATE COMMERCE COMMISSION DECLARES AN EMERGENCY EXISTS**

(Continued from Page One)

above all, to uphold the majesty and dignity of the government.

**Coal Distribution**

Meanwhile, powers of the government will be used to distribute the diminished current production of coal in accordance with the demands of public welfare and to prevent extortionate profits. President Harding was reported as unwilling to anticipate in advance what course might be taken should the coal output fail to be augmented to the required tonnage, but for the present week, at least, it was stated, he would withhold creation of the suggest-

ed federal coal commission. While the railroad labor board would be upheld in its endeavors to deal with the strike of shop craftsmen, it was intimated in official circles that if the concession of seniority rights to strikers who have left service would result in their return to work, the railroad managements ought to yield the point. The board, too, it was said, might facilitate the concessions, even to eastern and southwestern lines have publicly declared that the status of men employed to replace the strikers would not allow the grant of full seniority to those who might return.

**Situation Grave**

There was no concealing that grave concern had been given government officials by verified reports concerning the dwindling of coal output. Almost no new production had been attained in Pennsylvania unionized coal fields since troop protection has been furnished and non-union production in West Virginia, Tennessee and Kentucky has decreased for below levels maintained in June.

he possibility was said to have

been advanced in the cabinet session that the president might call another conference of miners union officials and coal mine operators, this time including the spokesmen of operating associations in West Virginia and Pennsylvania who were not willing to attend the former meetings.

President Harding was said to feel that bituminous industry had too many miners and too many mines and to have advanced a proposal that wage contracts should hereafter guarantee workers 280 working days a year with a penalty clause against employers who failed to operate mines accordingly. The plan met with "scant favor" it was said, when put before operators and miners some weeks ago. It was also pointed out that the miners license requirements under Illinois, Indiana and Pennsylvania state laws, the latter applying particularly to the anthracite region made it impossible to build up any new labor forces.

Further, the president is inclined to believe that in the bituminous industry conditions have arisen which allow nearly 300,000 men to be employed on a three days per week working basis at a wage which makes the situation agreeable to them. He was said to consider this contrary to the whole scheme of life in a nation where the balance on the population worked regularly, and to be an impossible foundation on which to maintain a basic industry. Also in the bituminous industry labor cost of producing coal has been found by investigation to average about 75 per cent of the average wholesale selling price which the government experts believe to be too high a proportion to go to that one element.

**CHICAGO PUTTING IN OIL BURNERS**

(By The Associated Press)

CHICAGO, July 25.—Several Chicago industrial plants are preparing against a possible shortage of coal by hurriedly equipping furnaces and boilers with facilities for burning oil as fuel, it was learned here tonight. Thirty percent of the city's pumping stations and incinerators have been equipped with oil burners, according to deputy Commissioner Burkhardt who added, "we are taking no chances."

Armour & Co. and Swift and Co. are among those preparing to substitute petroleum as fuel in case it should become necessary.

**CONTEST DISPOSAL OF RICH MAN'S ESTATE**

St. Paul, July 25.—Possibility that there may be a contest over the \$900,000 estate of Alexander McKenzie, pioneer political leader of North Dakota, who died here recently, was indicated late today when his will came up for probate before Probate Judge Howard Wheeler.

Miss Mary Eldred of Carrollton was a caller in the city yesterday.

Miss Edith Ivenmeyer was a shopper from Beardstown yesterday.

**Jacksonville Chautauqua**  
Friday, Aug. 11, to Sunday, Aug. 20  
*The Music*

HADLEY CONCERT CO. THE SHOLLE ORCHESTRA

TSCHAIKOWSKY QUARTET

LIEUT. F. F. MORGAN'S RAINBOW DIVISION BAND

BROWN'S METROPOLITAN JUBILEE COMPANY

The Jacksonville Chautauqua is independent and because it is independent it is different from the usual run of Chautauques. Its management, entirely local, selects every number on its program. No agency sends a cut-and-dried program here such as used by towns with circuit Chautauques. The noted Chautauques such as Chautauqua, N. Y., and Winona Lake, Ind., are all independent because they are permanent, secure the best talent and select programs to fit their communities.

Our 1922 program includes 20 concerts by such organizations as Morgans' Rainbow Division Band with 30 men. The Hadley Concert Company with 7 people, the Sholle Orchestra with 6 Sholles, Brown's Jubilee Company of 6 vocalists and the Tchaikowsky Quartet.

The lectures number 25. The speakers include William Jennings Bryan, U. S. Senator Pat Harrison, John G. Benson of Travelers Church, New York, Ada Ward, famous English speaker and entertainer, S. J. Duncan-Clark, editor and author, Victor Hahibaksh from India, S. A. Hahibaksh from Galilee and other equally fine lecturers.

A cartoonist, a magician, and a character-comedian and the Netles, musical entertainers, are on for entertainment.

Adult subscribers season tickets may be had for \$2.50 while they last. With a season ticket you can enjoy any or all of the programs. The program for any single day is worth the cost of the season ticket. Lots of us have paid as much for single events no better than many on this program. It is marvelous that ten days' programs including such well known and excellent speakers and such large musical companies can be presented at so low a price. Community service on the part of the directors does it. It has always been the policy of the management to fix the price of season tickets as low as possible to maintain the quality of the programs and the programs have been such as to give our Chautauqua the reputation among Chautauqua managers and talent of being one of the best in the country. General conditions have increased the cost of everything which goes into the Chautauqua hence the price of tickets has been raised slightly as the 1919 and 1920 assemblies showed deficits. Even so, season tickets are lower in price than those of similar assemblies and no greater than is charged by most of the 3, 4, 5, and 6 day circuits.

GET YOUR SEASON TICKETS NOW.

Mrs. J. M. Anderson was a shopper in the city from Chandlerville yesterday.

E. O. Hierchee was a business visitor from Chandlerville yesterday.

George Durham motored in from his home in Murrayville yesterday.

**LYNNVILLE**

Irene Hamel spent Sunday with her grand parents, Mr. and Mrs. George Fligg.

The Odd Fellows of Lynnville are planning to give a burkoo picnic on August 8 at the Lynnville park. There will be a baseball game at 2 p. m. and other features of interest. The Merritt band will furnish music for the occasion.

Miss Bertha and Goldie Hundley and friend Mr. Marcellus, have returned to Peoria, after a visit with their parents Mr. and Mrs. Hundley and other relatives.

Mrs. George Fligg and Pearl spent Wednesday with C. E. Hamel and family.

Miss Elizabeth Frost spent several days last week at the home of Mr. and Mrs. C. H. Gibbs.

Miss Ruth Swamy has returned to her home in Springfield after a visit with Evalyn Coultas.

Mr. and Mrs. John Barry spent Sunday with Mr. and Mrs. Stephenson of the Point neighborhood.

Mr. and Mrs. John Barry spent Sunday with Mr. and Mrs. Stephenson of the Point neighborhood.

Mrs. Earl Judd returned to her home Sunday after a visit with her parents, Mr. and Mrs. Charles German.

**Today's Overland at \$550**

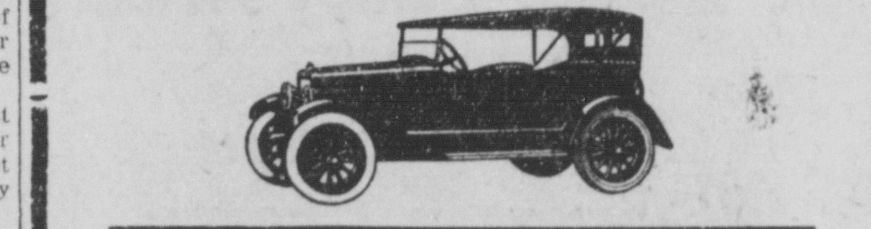

**What Does Your Overland Dollar Buy?**

**Luxurious Riding Comfort**—That's the wonderful patented Triplex Spring suspension.

**Economical Operation**—That's the Overland motor—25 miles to the gallon of gasoline.

**Minimum Repairs**—That's the sound construction. The all-steel body, for instance, permits stronger construction and the hard-baked enamel finish.

Compare the Overland at \$550, point by point, with any car selling under \$750. Then let us take you for a ride in it—over any kind of road.

**Berger Motor Co.**

**The Gladdest Spot**

—the-most-talked-of place in America! Out-of-doors folks is Glacier National Park. Up there in the Northern Rockies there are fifteen hundred square miles of breathin' room—loafin' space; forests, sparkling streams, waterfalls, mountain lakes, slow moving glaciers, majestic mountain peaks and myriads of wild flowers.

To breathe the breezes, quickened by the glaciers, flavored by the mountains and streams and perfumed by the pines and flowers is an experience you will never forget.

If you're a fisherman, there are cut-throats and trout to battle with. If you're a hiker, there are no end of sky-line trails to follow. If you love to ride, a sturdy mountain pony will carry you along the Continental Divide. Mountain guides chaps you'll enjoy getting acquainted with—are there to accompany you. There row-boat and launch service for those who prefer to explore the waters. Auto-stage on a mountain motor highway facilitates your movement about the park.

If you like to "take your hotel with you" and camp out, there are scores of ideal spots on the shores of sparkling rivers and glinting lakes. The chalets—little hotel villages in the mountains—are picturesque tarrying places. Two mammoth mountain inns, where unique indoor camp fire crackle on evenings provide more elaborate accommodations. The whole service scheme in Glacier readily lends itself to the outdoor idea—follow the dictates of fancy. Better plan to go this summer. Vacation costs are down, remember. 'Tis do you a world of good. See me about including Colorado, without added rail cost.

## DR. TREADWAY HERE FROM WASHINGTON

Former Resident Now Surgeon in Public Health Service Guest of Dr. F. P. Norbury.

Dr. Walter L. Treadway of Washington, D. C. surgeon United States Public Health Service and for the past three years chief of the section of neuropsychiatry, surgeon general's office, was a guest of Dr. Frank P. Norbury at the Norbury Sanatorium yesterday.

Dr. Treadway is on leave of absence and with his wife is visiting at the home of his father in Arenville. He has just finished a service in New York City where he opened a war veterans' bureau hospital of 1,000 beds.

Dr. Treadway was formerly of the staff of the Jacksonville State Hospital. He entered the U. S. P. H. S. in 1913, and has had a very useful and successful career in this service.

### A COINCIDENCE

The name of Dial is not very common, especially in this part of the country though it has a very worthy representative in the management of the Illinois telephone. Mrs. Dial's maiden name was Turner and they named their daughter, Helen Turner Dial.

L. B. Turner of this city married a lady named Dial but not related to the above named gentleman, and they named her Helen Dial Turner.

### NOTICE TO CONTRACTORS

## PLANS PERFECTED FOR COUNTY TOUR

Chamber of Commerce Trip Will Be Made August 8—Expect to Have Fifty Cars.

At a meeting of the county tour committee of the Chamber of Commerce, held last night, it was decided to make the first lap of the big Morgan county tour on Tuesday, August 8.

Fifty cars will make the trip. Owners will not be expected to make decorations as the Chamber of Commerce will furnish distinctive badges for both cars and their occupants.

The question of engaging a band to play at each stop was discussed and Chairman William Berryman was asked to investigate the cost of and possibility of getting a band.

Chairman Berryman will speak at one stop and will secure speakers for the other towns.

The object of the tour is to increase the friendly feeling to Jacksonville and to advertise the Morgan County Fair and the Jacksonville Chautauqua. Citizens are urged to boost to the best of their ability to make the tour a success. Post cards will be mailed immediately to all chambers of commerce members asking whether or not they will make the trip, and how many tickets they will take. These tickets will include all expenses, decoration, dinner at Waverly, and the expense of the music. It is very important that the committee should know the number of those who will make the trip at least three days in advance, as the people of Waverly must know how many to provide for, and the committee must know how many badges, car decorations, etc., to order.

The caravan will leave the chamber of commerce headquarters at nine o'clock sharp. This is late enough for business men to get their work started for the day and look thru their mail.

Every Jacksonville booster, he be member of any of the organizations advertised or not, is asked to cooperate and take along his family.

Stops of fifteen or twenty minutes will be made in all towns except Waverly where dinner will be eaten. The itinerary is as follows: Alexander, Franklin, Waverly, Nortonville, Murrayville, Woodson, and home. It is expected that the party will be back in town by four thirty or

five. The entire tour will cover 63 miles.

The committee which is making the plans is: William Berryman, chairman; Harrison King, John Larson, Sherman Dorand, E. A. Brennan and Lloyd Hamilton.

## WINCHESTER GIRL TO STUDY IN COLORADO

Miss Mildred Funk to Attend University at Boulder, Colo.—Chautauqua Committee Meets—Other Winchester News.

Winchester, July 25.—Miss Mildred Funk left a few days ago for Warrensburg, Mo., to visit Miss Nylene Prewitt. She expected to arrive Tuesday in Boulder, Colo., where she will attend the state university and remain until September 1.

Oscar Smith of Seattle, Wash., is a guest of relatives here. He has just returned from a foreign tour.

Howard Mader left Monday morning for Lake Matanzas, where he will join a party of relatives and friends for a outing.

James Cooney, wife and son of Elksville, Miss Margaret Cooney and Miss Healey of Chicago are guests at the country home of Mr. and Mrs. James Doyle.

Mrs. Newton Gillham's condition remains very grave. She has been ill for a number of months past.

The executive committee for the chautauqua met Tuesday evening to consider various matters in connection with the coming session. The chautauqua program this year promises to be one of special merit and will begin Monday, August 21.

Dr. Hardy Stewart motored to Scott county from Plainville, Tex., recently and is visiting his father at Exeter.

Mrs. Bluford Violette is here from Texas for a visit with her mother, who has been seriously ill but is now somewhat improved.

## VISITING IN PEORIA

Miss Eva Ramsey of Murrayville is spending several days at the home of her sister, Mrs. Edna Shannon, in Peoria. Miss Ramsey expects to resume her studies at Brown's Business college in this city next week.

Miss Florence Cox motored to the city from Franklin yesterday.

## FAIR DIRECTORS MET TO DISCUSS PLANS

Directors and Departments Superintendents Discuss Plans For Morgan County Fair—Arrange For Free Attractions.

The directors of the Morgan County Fair association and department superintendents held a meeting last night at the Chamber of Commerce headquarters. There were twenty-five or more present and L. A. Reed was the presiding officer.

Reports made by the various departments heads indicate that much progress is being made in each department in preparing for the fair and it will not be long until the final arrangements are completed.

Among the free attractions which are to be provided during the fair days will be a balloon ascension each afternoon with a triple parachute descent, and a high dive off of a 25 foot ladder each day and night. C. A. Chanler of Indianapolis, a well known balloonist and high diver, has been engaged to furnish these entertainment features.

Dr. R. V. Brokaw county health commissioner, was present at the meeting last night and outlined the details of the Better Babies contest and health display which are to be a part of the fair program.

The following premiums have been added to the premium list already announced:

Yearling Jack, first \$10; second \$5; third \$2.50.  
Suckling Jack, first \$10; second \$5; third \$2.50.  
Jennett, any age, first \$10; second \$5; third \$2.50.

A special committee composed of J. L. Henry, C. R. Gibson and Scott Green was named to investigate the possibilities of auto races at the fair. There is a probability that something in this line will be added to the fair program.

## FRANKLIN HOMEMAKERS

### CIRCLE MET TUESDAY

The members of the Franklin Homemakers Circle met Tuesday afternoon at the home of Mrs. Otha Lewis near Franklin. In response to roll call the members gave quotations from Shakespeare and then Mrs. Samuel Darley gave an interesting paper on "How to make Home Life Pleasant."

The other paper of the afternoon was one by Mrs. James Seymour on "National Cemeteries," read by Mrs. William Rees. Mrs. John Bland gave an interesting review of the life and works of John Greenleaf Whittier. The program concluded with a general discussion of current events.

A pleasant social hour followed the program and the hostess served delicious refreshments. Among the guests of the afternoon were Mrs. John Strawn, Mrs. A. L. Lukeman, Mrs. Charles Cussins and Miss Anna Bateman. The Circle will hold its next meeting on Tuesday, August 8 at the home of Mrs. Lawrence Sears.

## CHAUTAUQUA TICKETS

The Jacksonville Chautauqua opens earlier than usual this year, August 11. The time for securing tickets is short. Buy them now at the subscribers' rate, \$2.50 at the Journal office.

## VISITORS FROM

### CHANDLERVILLE

Mr. and Mrs. E. O. Hinchey were down to the city from Chandlerville yesterday. Mr. Hinchey reports good prospects for a corn crop thus far as the land seems able to stand the dry weather. On hill land he has a field of alfalfa and has cut the third crop which made a ton and two fifths to the acre and there will be another crop yet to cut. He also reports the melon crop in this vicinity very good.

## Watch IDEAL Bread.

## TO OPEN NEW WEST SIDE ADDITION

O. F. Buffe Has Platted Property Near Car Line Terminus, Purchased From Dr. David Strawn.

O. F. Buffe recently purchased from Dr. David Strawn a tract of about 9 acres near the western terminus of the street railway with a frontage on Mound road, Grand avenue, College avenue and Fair street. Mr. Buffe has had the ground platted and will open the David Strawn addition. The house and barn on the College avenue end of the property are to be removed, together with the high fence.

It is understood that Mr. Buffe has already sold one lot facing on College avenue and that other sales are pending.

There will be four lots on Mound Road, about 67 by 200 feet in depth, with seven lots with a somewhat larger frontage on College avenue. Then there will be five or six lots, with a frontage on Fair street and an equal number with a frontage on Grand avenue.

The demand for suburban lots is increasing rapidly and the proximity of these lots to a hard road and a street car line will make them very desirable. There are already fine shade trees growing on the land.

## MRS. R. A. POLLOCK DIES AT PIKE COUNTY HOME

Mother of Mrs. H. A. Perrin Passed Away Following Stroke of Apoplexy—Funeral Thursday.

Mrs. R. A. Pollock, of Nebo, mother of Mrs. H. A. Perrin of this city, passed away at her home in Nebo at five o'clock yesterday morning. She has been in failing health for some time and was suddenly stricken with apoplexy Monday evening.

Deceased was 75 years of age and had lived in Nebo practically all of her life. She was loved and revered by all who knew her and her dozens of friends will miss her in the community and church life of her home town. Mrs. Pollock is survived by three sons, Dr. Roy Pollock of Nebo, Pleon Pollock of Washington and Ralph Pollock of Nebo; two daughters, Mrs. H. A. Perrin of Jacksonville and Mrs. Nellie Main of Nebo.

Funeral services will be held from the home at 2:30 o'clock Thursday afternoon. Rev. John Pearson of the Christian church officiating. Interment will be made in the Mason cemetery two and a half miles northwest of Nebo.

## INSURANCE MEN IN BUSINESS SESSION

Firm of Spink, Strawn and Spink, Insured Agents in Business Methods—Many Out of Town Guests are Present.

An all day business and pep meeting was held in the offices of the insurance firm of Spink, Strawn and Spink, Tuesday. The meeting included most of the agents of the firm and others connected with the business of the company.

Discussions of new policies, methods of sale and other factors pertaining to the insurance business took place. Several cash bonuses were awarded to salesmen that had done a record business during a specified period of time. At noon adjournment was taken to the Pacific hotel Cafe for lunch.

The following were present at the session, C. F. Mathew of Tallula; J. C. Spink, Petersburg; C. C. Hatfield and son Roland, New Berlin; Harry Clegg, Chandlerville; Eugene Keefe, J. G. Strawn, Eb Spink, Earl Spink, C. A. Hall, Mrs. Lillian I. Danskin, Mrs. W. S. Jones, Miss Helen Hart and Miss Lucille Short.

## Watch IDEAL Bread.

### CARD OF THANKS

This is an expression of our appreciation of the kindness tendered us during the illness and after the passing of our loved one. To the Knights of Pythias, whose timely and splendid assistance made possible the special medical attention in the city; to Dr. Norbury, whose heroic efforts were impeded, to the superintendent and staff of nurses at Passavant and their gentle and wonderful ministrations we owe our hearts' gratitude.

The coming family friends who spent themselves in long hours of watching; the brethren Dr. Ruyle, Rev. Kittel, Rev. Palmer and Rev. Losh we thank and to all friends, who by tender messages, and floral offerings, both at Passavant and at the service in Centenary, helped to assuage our grief, we assure no service will ever be forgotten.

May God, whose love is bountiful reward you.  
Ella and Katherine Kettle.  
Ida Naomi King.

## VISITORS FROM HANNIBAL

Two car loads of interesting visitors drove into the city from Hannibal yesterday enroute to the state capital. First came J. M. Wood, wife and three about as bright little boys as one could wish to see.

The other car in company with the first was that of A. L. Stewart, a druggist in the city at the other end of the Mississippi bridge. He too had an equally interesting family, wife, young lady daughter and smaller members. The parties were prepared for camping and were looking for a good time in the city of the state.

Robert Willard of Chicago is now visiting Jacksonville friends.

## PARTITION SUIT IN GADDIS ESTATE

Guardian of Minor Heirs Starts Proceeding to Bring About Sale of Land in Concord Precinct.

In the office of Circuit Clerk Wanamaker Tuesday a partition suit was filed purposing to bring about the division of the lands of the late James Gaddis of Concord precinct. The suit was brought by Wilson & Butler, in behalf of Daniel Dietrick, guardian of Frances Abigail and Grace Elizabeth Gaddis, minor children of the deceased.

The defendants named are Olive Gaddis, widow of the deceased, George Johnson, tenant on the farm, the Farmers & Merchants Bank of Arenzville, owner of a certain mortgage on the land, and H. C. Clement, administrator of the estate.

It is shown in the bill that Mr. Gaddis owned 125 acres of land located near Concord at the time of his death, October 6, 1921. The bill sets forth that the two minor children named are the only heirs at law and that each owns an undivided one-half interest in the property, subject to the dower and homestead rights of Mrs. Olive Gaddis.

It is shown that the Farmers & Merchants bank of Arenzville had a mortgage for \$6,000 against the property and that claims and the widow's award total the sum of \$2,228.73. The bill sets forth that it would be unfortunate to sell a portion of the property to pay debts and that the best interests of all concerned would result from a partition of the entire estate.

## WOODSON CLUB HAD PICNIC AT PARK HERE

Woman's Club Members Had Pleasant Outing at Nichols Park Tuesday Afternoon—Other Woodson News.

Woodson, July 25.—Members of the Woodson Woman's club held the final meeting of the club year Tuesday afternoon at Nichols park in Jacksonville. The affair was in the nature of a picnic and the ladies went to the park in the early afternoon. There was a brief program, including the reading of the minutes of the previous meeting, and the members responded to roll call with "What to Serve for a Picnic Lunch." Quite a number of excellent suggestions were made. Next came an informal discussion of "What we can do to make next year's club program more interesting." Practically all the members had something worth while to suggest along this line and the indications are that next year will be one of the very best in the club's history.

At the close of the program some time was spent in a very delightful social way and later a picnic supper was served. The ladies had made generous preparations for this important feature of the occasion and the result was all that could be desired.

## MEAN TRICK IS PLAYED BY THIEF

Early yesterday morning a thief played a low down trick on Ben Pruitt to get him away from his room so that it could be ransacked and his belongings stolen.

Pruitt, who is an employee of Batz Cafe and rooms over the Leek market, was awakened about two o'clock by someone calling from the street that Pruitt's sister, who lives in the country, was very ill and wanted her brother to come at once.

The victim dressed and hurried to the home of his brother on East College avenue to tell him of their sister's illness. When he returned about eight o'clock he found that his room had been ransacked and several articles of clothing were missing.

The police were notified but so far have not discovered the thief.

## REMOVAL NOTICE

Kopperl Insurance Agency new location, 206 1/2 East State St. Telephone 1575. Prepared to insure anything that is insurable, in leading companies.

## FORMER RESIDENT INJURED

Word was received in the city yesterday from Dr. W. W. Schermerhorn that he had the misfortune to cut his foot with an axe while in camp in the Oregon woods. The injury is not of a type that will leave permanent injury but has managed to keep the doctor in his home for some time.

Dr. Schermerhorn was formerly engaged in dentistry in this city and has many friends here.

## ON TRIP TO OLD MISSION

Mrs. J. C. Fairbank, Arthur D. Fairbank and Miss Georgia Fairbank and Chandler Fairbank, who has been visiting here from Minnesota, left yesterday in an automobile for Old Mission, Mich. They expect to make the trip by easy stages and so will spend several days on their northern journey. Arthur D. Fairbank owns a fruit farm near Old Mission.

## LITERBERRY VISITORS

Mrs. Calvin Heaney and sons, Walter and Russell of Carrollton, are the guests of relatives in Literberry this week.

Lawrence Flynn was a city visitor from north of town yesterday.

## MANCHESTER COUPLE RETURN FROM NORTH

Mr. and Mrs. A. G. Barnes Return From Visit in Fergus Falls, Minn.—Other Manchester News

Manchester, July 25.—Mr. and Mrs. A. G. Barnes have returned from an extended visit in Fergus Falls, Minn. While there they visited their son, Frank Barnes, and their daughter, Mrs. E. M. Tindall.

Stanley Weiss returned to his home in Mattoon Sunday after a visit with his parents, Dr. and Mrs. J. W. Weiss. Mrs. Weiss remained for a visit with her father, J. C. Andrus Sr. The other two daughters of the latter are also guests at his home, Mrs. E. G. Saye of Jacksonville and Mrs. Emory Million of Muskogee, Okla.

A son was born Sunday to Mr. and Mrs. Vernon Lawson. Mrs. Matt Potter returned Friday from a two weeks' visit with her daughter, Mrs. Harry Wells in Jacksonville. Mrs. Wells and children returned with her and remained until Sunday evening. Mr. and Mrs. William Hudson

and Mr. and Mrs. Clarence Lorton of White Hall spent Sunday with Mr. and Mrs. Clayton Hudson.

Mr. and Mrs. George Ryan and children of near Winchester spent Sunday with Mrs. Ryan's mother, Mrs. Ethel Rousey and Mr. and Mrs. J. W. Smith went to Springfield Sunday and spent the day with Mrs. Smith's son Neal Brennan, who has been a patient at the hospital there for several weeks past.

Miss Susie Windsor's Sunday school class at the Baptist church will serve ice cream in the park Saturday evening.

Grace Chapel cafeteria supper Friday, July 28th.

## IN CAMP AT MATANZAS

A party of pleasure seekers including Mr. and Mrs. Ivan Smith, who were married just recently, have left for Lake Matanzas for a camping trip of a week. The party includes the bride's mother, Mrs. Lucille Strandberg, Mrs. Joseph Smith, Mrs. Mastrogiorgio, and Mr. and Mrs. James Smith and daughter of Springfield.

## BENEFIT CARNIVAL

### GREAT SUCCESS

The benefit carnival to raise funds for the new isolation hospital at Passavant, given on the lawn on the Fiedler home, West Lafayette avenue, was great success.

The affair was engineered by Elizabeth Wainwright, Willie Wainwright, Dorothy Fiedler, Vern Fiedler, James Potter and Beaumont Potter.

There were eleven slide shows of them being: A swimmer, match, headless horse, winged bat, a show for men only, and show for women only. Ice cream and soda pop were sold.

Mrs. O. F. Buffe was awarded an angel food cake and a Charles Fawcett, a basket of fruit. The following women made and donated candies and cake Mrs. Harry Strawn, Mrs. Willie Sharpe, Mrs. Homer Potter, Mrs. C. A. Fiedler.

The young managers charged but five cents general admission and two cents for each side show but managed to clear \$14. The expenses were \$4.25 and the receipts \$18.25.

IDEAL Bread is Better

## Back to the Grain Fields for Health

GRAPE-NUTS is a regular "three bags full" of the best food qualities of whole wheat flour and malted barley, carefully mixed and slowly baked—

To develop all their appetizing flavor,

To preserve all their wholesomeness,

And to provide nature's "broom" that keeps the digestive system spick and span.

There's not a bit of artificial sweetening in Grape-Nuts—it just becomes sweet of its own accord in the long baking.

And that enticing flavor—how good it is with good milk or cream! Fruits, too, fresh or cooked, add to the delight of a dish of Grape-Nuts, morning, noon or sundown.

It is a compact, ready-to-eat food—no cooking needed. Why not try it for tomorrow's breakfast?

"There's a Reason"

### GOLF MATCH TO BE PLAYED SUNDAY

Capital City Champ to Play With Walton—Many Springfield People Will Come with their Golf Team to Witness the Big Match.

Word was received in the city yesterday announcing the names of those who will represent Springfield in the big inter-city golf match, to be played on the Nichols park course next Sunday. Walton the Springfield professional will have as his partners,

## Special

White Index Cards

**W. B. Rogers**

313 West State Street  
 School and Office Supplies

Walter Reed, the champion of Springfield for the last two years. June VanSise and Johnnie Conlon will be the other two golfers of the Capital city team.

Walter Reed is one of the amateur golfers in central Illinois. He is now playing in fine form and always makes the Bunn park course in 70 to 72, which is considered an excellent score.

Norman Walton, the Bunn park professional, is one of the best players in the state. He makes his local course in 29 out and 36 in, which is the professional record for the course. Walter Reed's amateur championship record is 68, Conlon and anSise are both very good players.

The people of Jacksonville are very fortunate to be able to see such good golfers in action as these men.

The Springfield party will arrive early Sunday morning for a preliminary inspection of the local course. It is expected that several thousand spectators will be present at the park to witness the big match, which will start at two thirty. Walton stated that many Springfield people will come with their team.

In the contest eighteen holes will be played. Each player will have the use of two caddies, one to hold the flag for drives, and one to carry the players bag. Eight boys will be used as rope carriers to keep the crowd back. It was stated by one of the committee that special officials will be engaged to superintend the match.

Tryouts will be held Wednesday and Thursday, the players turning in the best cards will represent Jacksonville Sunday.

Edward Hembrugh was a visitor from South of the city yesterday.

### RETURNS TO NEW YORK CITY

Mrs. John F. Rafferty and sons John F. Jr., and James expect to return to their home in New York City after a six week's visit at the home of the former's parents, Mr. and Mrs. J. S. Megowan of South Clay avenue. Her sister, Mrs. Nick Kreagis, will accompany her as far as Danville, Ill.

Mrs. Rafferty and children will spend several days sight-seeing in Niagara Falls and Detroit, Mich.

### NOTICE TO CONTRACTORS.

Josephine Milligan School. Sealed Bids will be received by the Board of Education, School District No. 117, Jacksonville, Illinois until noon, Monday, July 31, 1922, for general work, and for mechanical equipment, at the Office of the Secretary, High School of said city for the furnishing of all materials, labor, tools and equipment required for the general construction work, and for furnishing and installing of mechanical work for same, in accordance with plans and specifications prepared by Clarence Buckingham, architect. The work to be executed under three separate contracts, to-wit: (a) For general construction work; (b) For furnishing and installing heating apparatus and plumbing; (c) For furnishing and installing electrical work. Proposals shall be accompanied by a certified check in the amount of ten per cent of the bid, guaranteeing to enter into a contract. Plans and specifications may be seen or obtained from Clarence Buckingham, architect, Ayers Bank building, Jacksonville, Illinois. A check of \$10.00 to be deposited for set of plans, to be returned upon delivery of same to architect. The Board of Education reserves the right to reject any and all bids.

BOARD OF EDUCATION.  
 By Carl E. Black, President.  
 H. A. Perrin, Secretary.

### AGED RESIDENT OF MEREDOSIA IS DEAD

Mrs. Mary Butcher Passed Away Sunday at Age of 96 Years—Funeral this Afternoon.

Meredosia, Ill., July 23—Mrs. Mary Butcher passed away at the home of her daughter Mrs. J. F. Brockhouse Sunday, July 23 at 1:30 p. m., after a brief illness of about 10 days. At the time of her death she was 96 years, 5 months and 7 days old, being the oldest citizen in this vicinity and has lived here for 71 years.

She leaves to mourn her, five sons, Roland of Jacksonville, Ill.; Royal of Mt. Auburn; Josiah and George and Albert of Meredosia; also one daughter, Mrs. J. F. Brockhouse of this place.

There are also twenty-three grand children.

Private funeral services will be held at the home of the family Tuesday afternoon at 2 p. m. and services at the M. E. church at 2:30. Rev. G. W. Holmes will have charge.

### ATTENDED KETTLE FUNERAL

Among those in attendance at the funeral of the late Rev. J. W. Kettle were the following: Mr. and Mrs. George Moore, Mrs. Riley Griffith, Roy Dunham, James Slaughter, John Moore, Jesse Gleckler, Mr. and Mrs. Alpha Johnson, Arthur Dean, Mrs. I. Laird, Miss Mae Gray, Miss Jessie Hoerner, David Beatty and Mrs. Clarence Johnson, all of New Salem, Mr. and Mrs. Arthur Stickler of Bluffs, Ill.

Joseph Ludwig was a city visitor from his home on Hart's Prairie Tuesday.

### THE HOPE OF THE WORLD

The war of 1914 laid half the nations of the world in the dust. Their homes, their industries, their peace must be restored by the rising generation. In them is the hope of the world.

To make motherhood easier, to secure for every baby a clean bill of health and a fair start in life—that is the problem.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for mothers and for future mothers. For fifty years this medicine has been used successfully in all non-surgical cases of women's diseases.—Adv.

### BRENNAN FAMILY ON AUTO TOUR

Edward Brennan, proprietor of the Pacific hotel, and family, left yesterday for an auto trip of several hundred miles. The party will go first to Clinton, Illinois, where they will visit at the home of Mrs. Brennan's brother.

At the conclusion of this visit they will travel to Connersville, Indiana, for a visit with George Scott, manager of the MacFarlan hotel in that city. This hotel is owned by Mr. Brennan.

The Brennan family will return to the city in about three weeks.

Farm Director Kendall journeyed to the northwestern part of the county on an inspection trip yesterday.

## Come, See the Western Electric Dishwasher and Kitchen Table

### Another Item of Household Drudgery Eliminated

We have the electric washer, the sweeper, the toaster, and a dozen other labor savers in the home, and now—the dishwasher.

Of all the household tasks a woman has to do, none does she dislike more than that of dishwashing—it's a mean, slavish, disagreeable work—three times a day, no matter the weather, no matter how she feels, dip, dip, dip, into hot, greasy dishwater. But, now all this is eliminated in the home—ten to fifteen minutes does the trick, in a clean, pleasant manner.

## Here's How it Operates

First, the lower rack in the dishwasher is filled with plates, saucers and platters. The silverware is also placed in the proper compartments.

The upper rack is then put into the dishwasher, and cups, pitchers, and glasses are placed in it.

When all the dishes are in place a tea kettle or an eight-quart bucket full of hot water in which a tablespoonful of washing powder has been put, is poured into the dishwasher and the lid is closed.

The motor is then switched on. This turns the paddle wheel which throws the water at great speed over and around every article, thoroughly cleaning all sides of dishes and silverware.

In eight minutes the dishes have been washed and are ready for rinsing. The water in the dishwasher is then drawn off and another eight quarts of boiling water for rinsing is poured in.

In three minutes, the dishes are rinsed and the motor is turned off.

It is only necessary to

dry the silverware and glasses, which must be polished with a dry towel. By the time this is done, the china has dried of its own accord and is ready to be placed in the china closet.

The dishwasher cleanses itself, because the same water that rinses the dishes also rinses out the machine.

The dishwashing has taken only 12 to 15 minutes, with practically no work on the part of the housewife and with no dipping of hands into hot greasy dishwater.

**THE Fisk Cord is giving more value in service this year than was ever put into a tire of any kind before.**

The buying public knows it, too—for, even though the Fisk factory, working at capacity, is bending every possible effort to build them, it has had difficulty in keeping up with the demand.

Before you buy any other tire, compare it with a Fisk Cord—the tire whose distinctive extra quality you can see and feel, weigh and measure at the time you buy.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon

**A Full Measure of Service**

THE First Quarterly Summary of Refinery Statistics issued by the Bureau of Mines (1922) states that 25% more gasoline was purchased by consumers in January, February and March, 1922, than in the corresponding period of 1921. Many well-informed marketers are predicting that there will be an insufficient supply of gasoline this summer in the Middle West.

The Standard Oil Company (Indiana) has increased its facilities so largely that it feels safe in stating that it will be able to render to the people of the 10 states it serves that degree of service which the public has come to expect from this organization.

The manufacturing facilities of the Standard Oil Company (Indiana) have a capacity of more than one billion gallons of gasoline per year. These facilities are being operated 24 hours every day that patrons may be certain of securing their requirements of petroleum products as they need them.

When the flood tide of demand occurs, car owners will realize that the Standard Oil Company (Indiana) has anticipated their needs fully and completely.

When a motorist fills his tank at a convenient service station in some remote corner of the Middle West, he may never stop to consider the vast and complicated machinery needful to put that gasoline where he wants it at the moment he needs it most. But he will appreciate that it is there.

He may never know that serving him involves experienced executives of trained initiative and resourcefulness; enormous expenditures for labor and raw material; great, modern refineries continuously operated; immense storage facilities; a magnificent distribution system; and the uniform effort of an organization of 25,000 men and women. All this is back of that small quantity of Red Crown gasoline which every summer tourist confidently expects to purchase and surely finds at all points in the territory served by the Standard Oil Company (Indiana).

This the Standard Oil Company (Indiana) considers genuine service.

**SHOCKER'S PITCHING WON FOR ST. LOUIS**

Brown's Pitching Ace Held the Yankees to Six Hits While His Teammates Pounded Mays Hard Driving him from the Mound in the Sixth Inning.

ST. LOUIS, Mo., July 25.—Shocker allowed only six hits and the Browns shut out the Yankees 8 to 0 today in the first game of a four game series. The locals batted Mays out of the box in the sixth when they scored five runs. In the fourth Williams knocked out his 22nd home run of the season with Sisler on base. The other run was scored in the eighth. Joe Dugan, third baseman, acquired Sunday from Boston, made his first appearance in a New York uniform. The victory increased the Browns' lead for first place to 2½ games. The score:

**NEW YORK RETAINED THE LEADERSHIP**

Giants Defeated Cardinals In a Hard Fought Game By Score of 9 to 8, Scoring Seven Runs in the Fifth Inning.

NEW YORK, July 25.—The New York Giants retained the leadership in the National League race here today by noosing out a 9 to 8 victory over St. Louis, in the first contest of a five game series. It was the first game that New York has won from St. Louis on its home grounds this season.

The Giants won the game with a batting attack in the fifth inning which yielded seven runs and knocked Doak, the veteran spitball pitcher out of the game. Eleven Giants reached base in this inning.

St. Louis rallied in the ninth inning scoring four runs after two were out and barely missed tying the score.

Time 1:50.

**PITTSBURGH WON FROM BROOKLYN**  
BROOKLYN, N. Y., July 25.—Morrison outpitched Grimes and Pittsburgh defeated Brooklyn in the first game of the Pirates eastern invasion, 5 to 3. Reb Russell, former White Sox pitcher, led the Pirate rally in the seventh with a long triple and before the visitors were retired the entire team had batted around and four runs scored.

**POOR FIELDING HELPED CHICAGO TO WIN**

Cubs Pounded Watson for Six Runs in the Fourth Inning—Osborne Weakened in Ninth Allowing the Braves Three Runs

BOSTON, July 24.—Five hits and poor fielding by Pitcher Watson gave Chicago six runs in the fourth inning against Boston today the visitors eventually winning 6 to 3. Osborne weakened in runs on five hits including two the ninth when Boston made three triples. Boeckel's playing featured. The score:

**CZAR WORTHY WINS FIRST RACE OF YEAR**

COLUMBUS, O., July 25.—Czar Worthy, champion three year old trotting gelding for whom Thos. E. Murphy last fall received \$25,000 from Henry Bowles of Springfield, Mass., today won his first race of the season, when he defeated a big field of 2:11 trotters in the Shepard and Swisher stake, the feature event of today's Grand Circuit program here.

The Laurel Hall was a contender in the first two heats, finishing second and then was drawn for the third mile on account of lameness. Peter the Brewer by Virtue of his taking second place in the last heat was awarded second place in the race. Czar Worthy trotted the second heat in 2:04 1-4.

The 2:12 class pace was Abbey the favorite distanced the first heat. Lulu Brooke won the race in straight heats. Colonel Sparks was second.

Fagan won the 2:14 class pace after dropping the first heat to Lady Toddy who finished second. In the two year old trot Jane Revere, the Axworthy filly won handily defeating a field of 1-4. She lowered her record 2:11 1-4 to 2:10 1-4 in the final heat.

C. W. Jacobs was a city arrival from Springfield yesterday.

**REDS WIN HARD HITTING CONTEST**

PHILADELPHIA, July 25.—Cincinnati won the opening game of the series today from Philadelphia in 10 innings 15 to 11. The visitors made twenty hits including home runs by Harper, Dauter and Wingo. Wrightstone also hit a home run.

Each team used three pitchers, Keck alone proving effective. Score:  
Cincinnati—  
..... 250 300 000 5—15 20 0  
Philadelphia—  
..... 330 310 000 1—11 13 3  
Donohue, Keck, Gillespie and Wingo; Hubbell, G. Smith, Singleton and Henline.

**ICELESS REFRIGERATORS**

Call at 236 East North St. and see one in operation. Phone 70-798.—W. H. Nalor.

J. A. Gibson of Decatur transacted business in the city yesterday.

**DETROIT DEFEATED WASHINGTON 8 TO 0**

Detroit, Mich., July 25.—Detroit hit Johnson hard today while Oldham was holding Washington in check and won 8 to 0 in the opening game of the series here. Shanks was responsible for all of the Nationals' runs, driving in four with his three hits and scoring the other. Fred Haney, Tiger utility infielder, was notified today he had been indefinitely suspended for his run-in Sunday with Trainer Bierhaller of St. Louis who was acting as umpire in the Detroit-Brown game. The score:  
Club—  
Washington .102 000 020-5 11  
Detroit .320 001 20x-8 15  
Johnson, Turk and Ploinich; Oldham and Woodall.

**Work shoes \$1.98. Hoppers**

Dr. J. W. Eckhan was a business visitor from Winchester yesterday.

Henry Boston was a city arrival from New Berlin Tuesday.

**DUTCH MASTERS CIGAR**

**In a pocket pack that keeps them—"so 'sweet', so mild"**

Two rows of handsome Dutch Masters are tucked away in this attractive little package—ten delightful Specials—fitted to your pocket and your palate.

The clean, air-tight package keeps ever so fresh the wonderful flavor of Dutch Masters' imported Java and Havana tobaccos—so "sweet," so mild.

You'll call this the ideal package of ideal cigars. Slip a box in your pocket for trip or vacation—home or office.

## We Give Standard Willard Service on All Batteries

With our experience and equipment we have a notion that we could work out a pretty fair sort of battery service without much help.

—But we also have an idea that it wouldn't measure up to the brand of service developed for our use by the Willard Storage Battery Company.

As Battery Headquarters we have the benefit of their years of experience, and of the definite national standards of service they have been able to develop as a result.

Come in! No matter what make of battery you happen to have it needs the sort of attention provided by the Willard Standard of Service.

lished in 1896.) 7-1-11

### STOCK MARKET HAS ACTIVE SESSION

NEW YORK, July 25.—Stocks  
were irregular to heavy at the  
opening of today's active session  
but made general improvement  
later on reports, current in the  
street that prospects of a partial  
solution of the coal and railroad  
strikes were brightening.

The most significant feature of  
today's operations was the ab-  
sence of pool liquidation, such as  
marked yesterday's trading.

While buying of rails was  
relatively light, the demand em-  
braced many of the roads in-  
effected by labor troubles, includ-  
ing coalers and issues of the  
southwestern division.

Motors and oils also reflected  
that change of speculative senti-  
ment altho reviews of trade con-  
ditions hinted at further curtail-  
ment in the automobile industry.

The strength of coppers and  
allied metals was ascribed to an  
increase of exports, coupled with  
the firmer tone of prices for  
those products for fall delivery.

United States Steel was firm,  
closing at a gain of a large frac-  
tion. The report for the year's  
second quarter, issued after the  
close of the market, showed total  
earnings of \$27,286,845, com-  
pared with \$19,339,985 in the  
previous quarter. Final prices in  
many instances were at the day's  
highest levels. Sales amounted to  
765,000 shares.

Call money loaned at 4 per cent  
throughout the session and time  
funds held at recent quotations  
for all dates.

Virtually all foreign exchanges  
eased. Liberty issues again over-  
shadowed all other features of  
the bond market today.

Still higher records were made  
by the 4s at \$101.15, the First  
4s at \$101.68 the First 4 1/2s also  
at \$101.18 and the 4th 4 1/2s at  
\$101.74.

High grade rails, industrials  
and utilities were carried forward  
by the strength of United States  
war loans but eased in the latter  
part of the session under profit-  
taking.

Total sales (par value) aggre-  
gated \$14,201,000.

The few new offerings of the  
day included the Fremont Joint  
Stock Land Bank of Nebraska,  
\$2,000,000 five per cent farm  
loan bonds, placed thru a local  
syndicate.

### CASH GRAIN REPORT

By Associated Press.

CHICAGO, July 25.—There  
was a good all-round demand for  
cash wheat today with all inter-  
ests in the market. Premiums  
and discounts were a better ow-  
red, hard was a and 1 1/2¢ better,  
and dark hard was up 1 and 2¢.

Northern and dark northern were  
unchanged. Shipping sales here  
totalled 225,000 bushels includ-  
ing 200,000 bushels to exporters.  
Gulf sales were reported at 1-  
500,000 bushels and the seaboard  
reported 700,000 bushels worked.  
Sales of 115,000 bushels wheat  
were made to go to store here.

Corn was in good demand and  
the market closed unchanged  
with premiums a and 1/2¢ better on  
contract grades, and 1/2 to 1¢ up  
for the cheaper grades. Shipping  
sales here were 355,000 bushels  
including 185,000 bushels to ex-  
porters. Charters were made for  
1,500,000 bushels wheat or corn  
leading to Buffalo and Georgian  
Bay with the rates higher. The  
seaboard said some corn was  
worked for export.

Oats were in good demand and  
the market closed 1/2¢ better with  
trading basis up 1 and 1/2¢. Ship-  
ping sales here were 400,000  
bushels, including 300,000 bu-  
shels to exporters.

Cars inspected: Wheat, 533;  
Corn, 238; Oats, 142.

### BIG EXPORT HOUSES BUY WHEAT FUTURE

By Associated Press.

CHICAGO, July 25.—Liberal  
export buying together with a  
falling off in the volume of  
hedging sales had a moderate  
bullish effect on wheat prices to-  
day. The market closed unsettled  
at the same as yesterday's finish  
to 2 cents higher with September  
\$1.07 1/2 to \$1.07 3/4 and December  
\$1.09 1/2 to \$1.09 3/4. Corn lost 1/2  
to 1 1/2¢, oats were unchanged to a  
shade lower and provisions 10¢  
to 20¢ down.

All the big export houses  
bought wheat futures steadily  
and it was estimated that more  
than 4,000,000 bushels were  
taken for nearby shipment to Eu-  
rope including 1,500,000 of hard  
winter grades to go from ports  
on the Gulf of Mexico. In this  
connection significance was at-  
tached to an advance in Liverpool  
quotations for nearby deliveries  
and to the practical failure of  
the Liverpool market to reflect  
the weakness of values yesterday  
in America. On the other hand  
most receivers here said country  
offerings had been greatly re-  
duced, because of yesterday's  
decline altho hedging became  
more free again on the bulges  
today.

According to some shippers in  
Chicago, bidding for cash wheat  
already booked was strong, but it  
was hard to get an attractive of-  
fer on wheat for more deferred  
shipment inasmuch as owing to  
the rail strike, buyers were re-  
luctant to assume risk of delay  
in delivery. This circumstance  
was held to explain the fact that  
most of today's advances in price  
for September and December  
were wiped out at the last where-  
as July held a gain of 2¢.

Corn and oats lacked any ag-  
gressive support. The bulk of the  
trade consisted of orders.  
Provisions dragged, yesterday in-  
fluenced by a break in lard values  
at Liverpool.

### ST. LOUIS CASH GRAIN

Wheat—Market 1 to 2¢ higher;  
good demand; No. 2 red, \$1.11@1.12;

## The Eternal Question

# Cost per Mile

We might "say it to music"  
We might "say it with flowers."  
We might get "hard boiled"  
and "tell it to you."

What's the difference how a fellow says it?  
Same thing in the end.

## Concentrate Your Ser- vice & Repair Business

where you can get the most in the long run.  
It's a matter of miles—Cost per mile tells the story.

## Be Your Own Administrator

With the use of life insurance you can direct your financial affairs from beyond your grave. You can arrange with a life insurance company to pay your dependents a certain amount monthly, or otherwise. You can arrange for the company to pay off your mortgage at your death.

If your estate is not sufficient to support your family in case of your death, a life insurance company will "loan" you an estate until you have accumulated one of your own.

Modern life insurance offers you untold advantages in arranging the financial program of your life. Consult us as to some of these advantages.

## OLD JACKSONVILLE

### GOVERNOR DUNCAN

(BY ENSLEY MOORE)  
Member Illinois State Historical Society

Miss Elizabeth Duncan Putnam, of Davenport, Iowa, has kindly sent the "O. J." man a reprint of her paper, presented before the State Historical Society of Illinois, entitled:

The Life and Services of  
Joseph Duncan,  
Governor of Illinois,  
1834-1838.

By  
Elizabeth Duncan Putnam  
Reprinted From Transactions  
of the  
Illinois State Historical Society  
Springfield, Illinois  
1921

The young lady was the daughter of Charles E. and Mary Duncan Putnam, of Davenport, Iowa; and was named for her maternal grandmother, Elizabeth Caldwell Duncan.

Miss Putnam, when being requested to write regarding her grandfather, took up a sketch of him read by her aunt, Mrs. Julia Duncan Kirby, before the Jack-

sonville Historical Society in 1885. This was published by the Fergus Company, of Chicago.

The younger lady made an extended search for additional material in the Library of Congress, and other libraries and among family papers, and has brought much of additional value on her subject.

As usual, lack of space forbids extensive quotation from the biography, but it may interest acquaintances and friends of the Duncans and Putnams here to make some extracts from the publication.

**Joseph Duncan**  
was born February 22, 1794, the third son of his parents, Major Joseph Duncan and his wife, Anna Maria McLaughlin Duncan, both natives of Virginia. The future Governor was born in Kentucky.

The family removed to Paris, Bourbon county, Kentucky, in 1790, and their residence still stands there—built of stone—but in architectural appearance strikingly like the Duncan house here, before some modern additions were made to it, about 1898. Major Duncan died in 1806, when his son Joseph was only twelve years of age. But with the force of character for which our future executive became so well known, the youth at once took hold of business, helping his mother in the care of her family and property. The two elder sons were off at college at the time.

Our future citizen entered the 17th U. S. Infantry as an Ensign, in the War of 1812, where he proved a hero, served thruout, and was presented with a sword by the Congress of the United States. Lieutenant Duncan, as he became during the War, was only a little past eighteen years of age when he enlisted. The young Kentuckian removed to

Illinois in 1818, having seen Illinois during his service in the War, buying land in Jackson county, and his mother and the family came to Brownsville before 1820.

It was as a Justice of the Peace that Joseph Duncan began his political career. In Illinois, meantime having served as the President of the Brownsville Branch Bank. He began buying land in various parts of Illinois as soon as he came here, even having foresight enough to get a good property in Chicago, then only a military post.

He became State Senator in 1824, and was already a Major General of Militia. In 1827, Senator Duncan resigned his state position to become

Member of Congress. He was elected to that office again and again, being the only representative from Illinois, until 1834, when the Representative was chosen.

**Governor of Illinois.** which position he filled with high credit for the succeeding four years.

But, while his life in Illinois had been so full of activities in public affairs and in business, the young patriot had taken time to pay attention to other matters. Among these, and one of the most fortunate acts of his eventful life was

**His Marriage**  
May 13, 1828, to Miss Elizabeth Caldwell Smith, daughter of a leading and successful merchant of New York City. Miss Smith's mother was a daughter of the Rev. James Caldwell, the eminent patriot of New Jersey, who gave his strength as his wife did her life, for the country; and for this man the local D. A. R. Chapter is named, and now owns the Duncan house in Jacksonville.

**Mrs. Duncan**  
was one of the smallest of women, in size, but she was great in her activities and inherited the family qualities of patriotism and of Christian devotion. Those of us who know her can question whether Jacksonville ever had a better woman among all its galaxy of glorious ladies.

Mrs. Duncan became the mother of ten children; of whom but three, Mrs. Mary Duncan Putnam, Mrs. Julia Duncan Kirby and Mr. Joseph Duncan survived her. Mrs. Duncan entered the realms of light May 23, 1876, here in Jacksonville.

She had been identified with every good cause she could help, she was a member of the First Presbyterian church, and left a legacy to the Ladies Education Society. Mrs. Duncan was buried in Diamond Grove cemetery, with her husband, and most of her children, and every good citizen of Jacksonville, could well afford to visit her resting place, and put a flower of gratitude upon it.

The writer of these sketches knew Mrs. Duncan and her surviving children. Some very well, and knows of her kindly and Christian ladylikeness as few here now can; and he makes this tribute of respect and honor to this good and great little woman.

**Governor Duncan**  
after the expiration of his term as Chief Magistrate of this great State returned to "Elm Grove," and did his part as a citizen in public affairs. He passed on January 15, 1844. Not fifty years of age.

Miss Putnam has collected and printed in her Memorial many private letters of surpassing interest from Governor and Mrs. Duncan. They are full of inside views of our pioneer days and of our best and greatest residents. There ought to be copies of this reprint and its additions in our Public Library and every loyal lover of Jacksonville should read it.

In his active life Joseph Dun-

can had not seen the great things Beyond in his earlier days, but, before his earthly experience had ended he had taken fast hold upon "The Rock of Ages." His last thoughts, aside from those of his family were not of earthly affairs, but of the beauties of the country to which our hero was going.

### CHAPIN RESIDENTS MADE WINCHESTER TRIP

Mr. and Mrs. L. H. Calloway and daughter, Miss Nelly, drove to Winchester Sunday and while there were very pleasantly entertained at the home of Mr. and Mrs. Henry Higgins. It will be remembered that Professor Higgins was superintendent of Morgan county schools from 1873 to 1881 and although he is 86 years of age, he still retains his mental activity of earlier days and is able to be up town every day.

While in Winchester they also called at the home of Mr. and Mrs. Newton Gilham. Mrs. Gilham was stricken with paralysis about six months ago and Sunday she seemed to be growing weaker.

## SPECIAL for This Week

All orders received up to 9:30 o'clock A. M. will be delivered before noon. Orders taken after that time will be delivered in the afternoon.
